

STUDY PERIODS (SPARES)

Only grade 12 students can have a resource block (spare) in their timetable. However, these blocks are supervised by administration. They must use this flexible time wisely and productively. Wandering the halls, loitering in the multi-purpose room, or doing work in the hallway is not acceptable. Responsible students who have demonstrated that they are using their resource block in an appropriate manner may obtain a "Library Pass" from administration. Students may choose to leave the school grounds once they signout in the office.
